

Hi Carole,

We came to this afternoon's performance to see Alex because my wife works with Irene. It was our first encounter with Ballets des Ameriques.

We much enjoyed the children's dances and were pleased to see how well Alex performs. She has real talent.

However, we were amazed by the company and by your choreography in the second half of the program.

We are old ballet fans. We saw Baryshnikov dance with Makarova on a rare occasion with ABT. We saw many, many NYCB performances when Mr. B was alive. Balanchine changed the way I hear music.

Your choreography is superb. We never expected to attend a children's dance recital and see anything so brilliant. Your company floored us.

Thank you so much and may you and your great dancers continue to flourish.

Sincerely,

Renee and Frank De Ligio
